The whitehouse.gov website keeps everyone up to date on the latest news as it pertains to the President of the United States, economy, national security, budgets, immigration, and healthcare

## Unconditional

<https://www.unconditional.uk.com/>

Unconditional website design is nothing but striking. It's simple yet eye-catching. This Shopify store started in London, more than a decade ago. They describe themselves as “a winning combination of the laidback and the edgy”. Their homepage makes you want to explore further, and as you scroll down, you get a neat presentation on their latest fashion collections.

## HELM Boots

<https://helmboots.com/>

Founded in 2009 in Austin, Texas, HELM is dedicated to selling classic style footwear with a versatile, modern perspective. HELM casual & work boots and shoes are produced and sourced in U.S. facilities, making them 100% made in the USA. This young boot retailer is gaining quick traction and getting orders from the likes of Ben Affleck. Introducing their Shopify shop in 2009, HELM has been committed to crafting handmade leather boots with pride, care, and purpose.

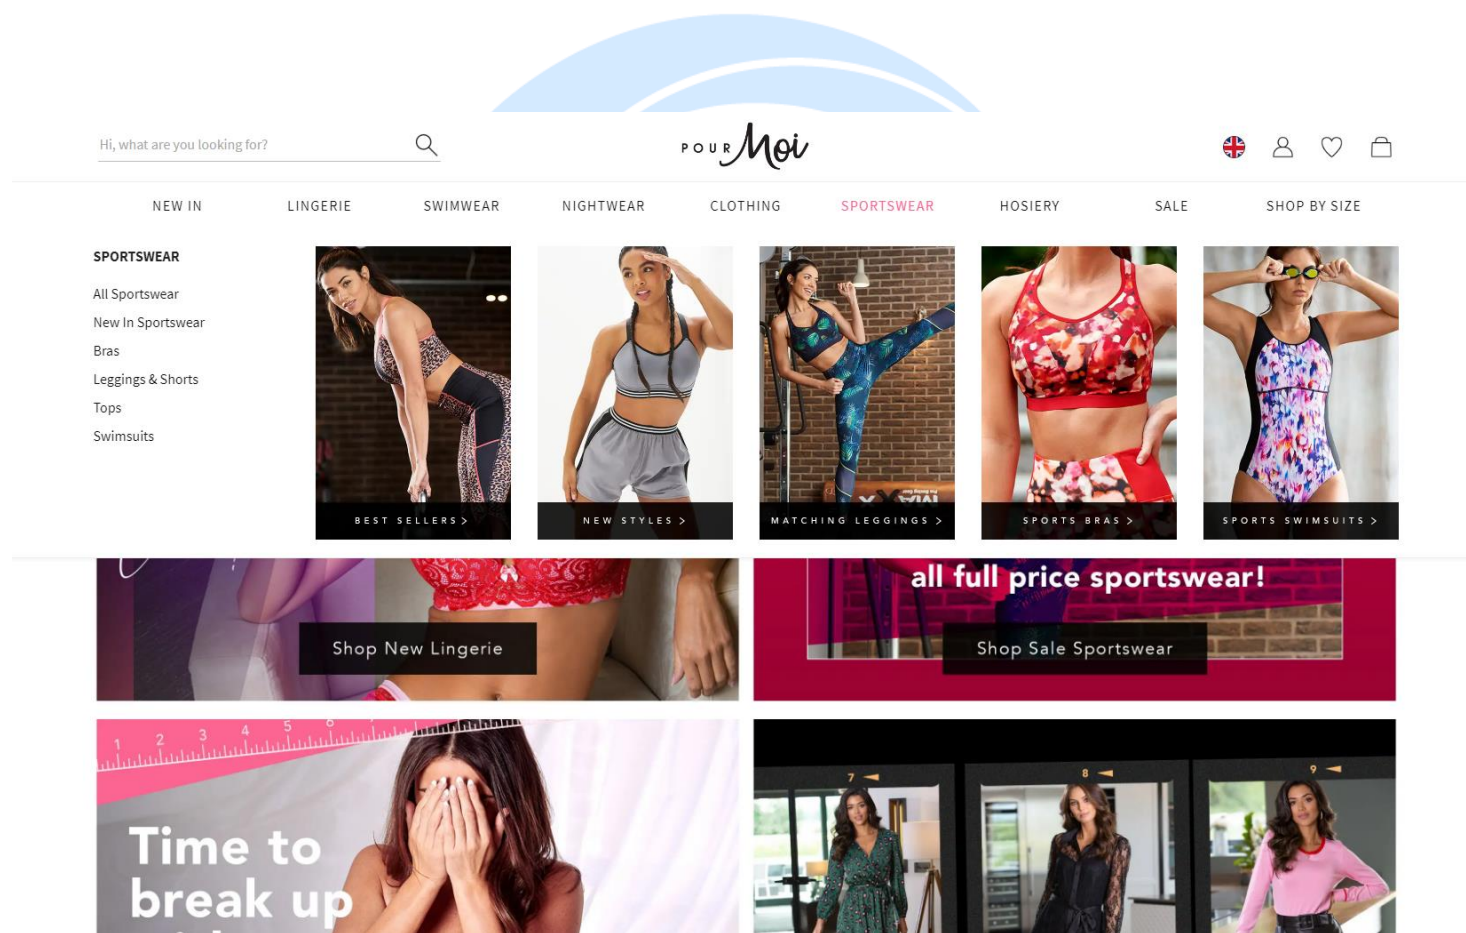

### Best Sellers

Pour Moi

<https://www.pourmoi.co.uk/>

Pour Moi is a Shopify store for lingerie, swimwear, and nightwear of any size. This Shopify store makes sure that their products fit the needs of modern, fashion-conscious women to provide them the support and comfort that they require. Navigating this store, adding products to cart or connecting socially is a seamless experience.

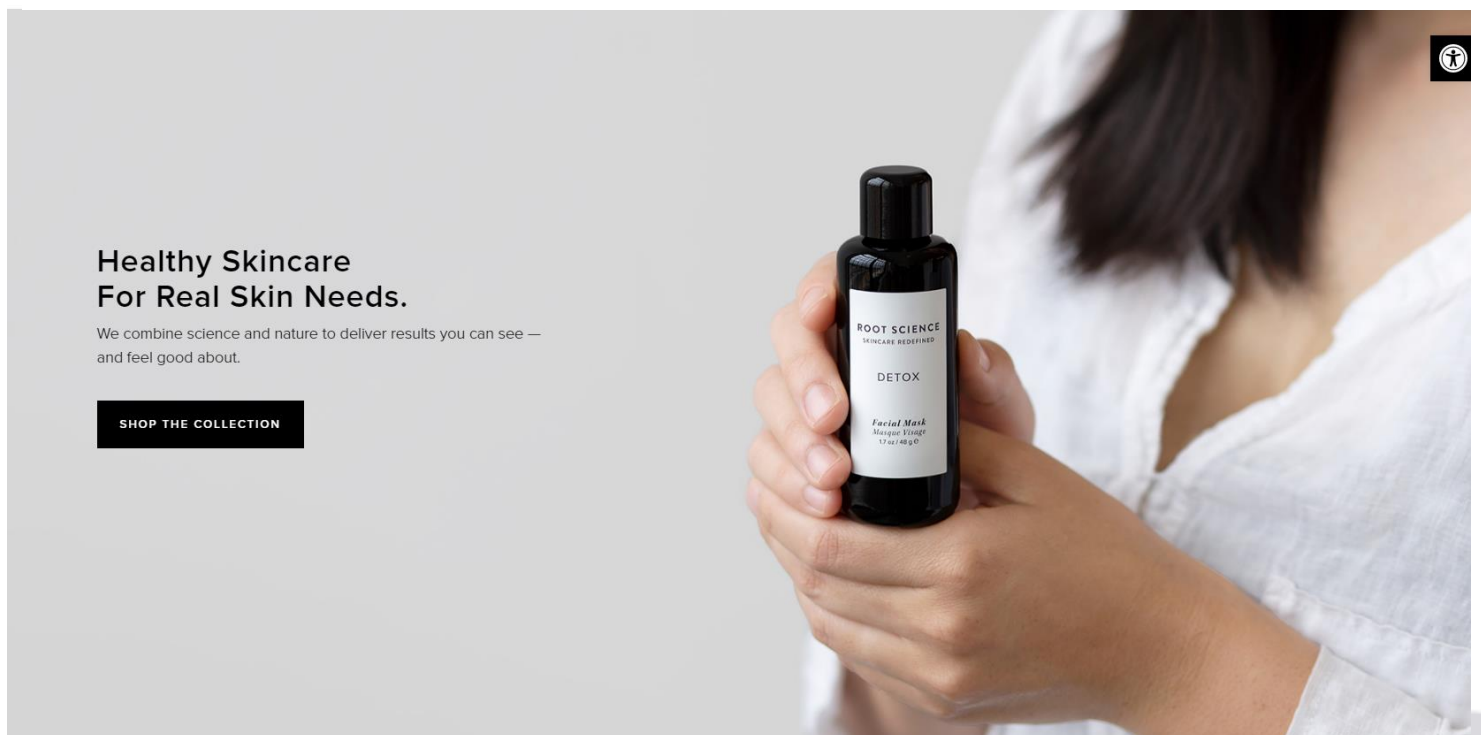

**Root Science**

<https://www.shoprootscience.com/>

Root Science is an organic, high-performance skin care brand, drawing inspiration from the founder's home country of Iceland. Root Science's products are expertly formulated with the most nutrient-rich botanicals from around the world. Their products include cleansers, toners, exfoliates, serums, masks, eye care, and more.

This successful ecommerce site using Word Press and Woo Commerce features a sleek, modern design. The website also has a blog loaded with information to help their audience boost their skincare routines and they use targeted popups to grow their email list.

## Friends of Frankie

[www.friendoffranki.com/](http://www.friendoffranki.com/)

Friend of Frankie is an Australian clothing store run by two thirty-something-year-old sisters who dreamt of a life filled with creativity, passion and purpose, and went on to create a beautiful and whimsical brand. The site is so highly customized you wouldn't recognize it as Woo Commerce at first glance. The images are reminiscent of European summer holidays and spending time with friends. Just scrolling through the images makes me want to buy a dress and book a flight overseas.
